Education

Saveetha Engineering College — Chennai, India
B.Tech in Artificial Intelligence & Data Science – CGPA: 8.5/10 — *2024 – 2028*

CS Academy — Erode, Tamil Nadu
CBSE Class XII – 90% — *2024*

Experience

Web Development Intern — May 2025 – June 2025
Boston Nex Technologies Pvt. Ltd. — *Chennai, India*

- Developed responsive web pages using HTML and CSS following modern UI principles.
- Collaborated with frontend developers to improve interface consistency and usability.
- Optimized layouts for multiple screen sizes and resolved UI bugs.

Projects

HyperX | *React, TypeScript, Java, Spring Boot, WebRTC, PostgreSQL, IndexedDB* — 2026

- Built a peer-to-peer collaboration platform for secure large-file transfer using WebRTC and browser-based storage.
- Implemented chunked file streaming with IndexedDB to reduce memory usage during large-file transfers.
- Developed a Spring Boot backend for authentication, workspace management, transfer coordination, and persistent metadata.
- Integrated transfer integrity, encryption, and connection-management workflows for reliable peer-to-peer file sharing.

ChainProof | *React, Node.js, Express, MongoDB, Solidity* — 2026

- Built a blockchain-based cold-chain provenance platform for tracking perishable goods.
- Implemented QR-based shipment authentication and immutable blockchain records.
- Integrated temperature monitoring, spoilage detection, and intelligent rerouting workflows.

Technical Skills

Languages: Java, Python, SQL, JavaScript, HTML/CSS
Frameworks: React.js, Node.js, Express.js
Database: MongoDB, MySQL
Developer Tools: Git, GitHub, VS Code, Postman
Core Concepts: DBMS, OOP, REST APIs, Blockchain, Data Structures
Soft Skills: Problem Solving, Analytical Thinking, Team Collaboration, Communication

Hackathons & Achievements

- Qualified for **Round 2** of the **Caterpillar Hackathon 2026**, advancing through the initial selection stage.
- Built **ChainProof (ColdChainTracker)** as part of **Team LogIQ** at **Hack Hustle 2.0**.
- Presented **ChainProof (ColdChainTracker)** at the **Drestein Entrepreneurship Contest** at **Saveetha Engineering College**, competing among **200+ teams**.
- Participated in **Logic Works** at **NIT Tiruchirappalli**, competing in a technical problem-solving event.

Certifications

IBM: Introduction to Data Analytics
IBM: Generative AI: Prompt Engineering Basics
Edge Impulse: Embedded Machine Learning
University of Maryland: Cybersecurity for Everyone
